# Incomparable Win-Win Cooperation Platform High Performance Machining Technology Conference 2015 March 26-27, 2015 Shanghai China

Ringier has successfully held 5 High Performance Machining Technology Conferences. There are over 1000 insiders on the industry chain having attended to share, communicate and cooperate. The conferences have been appraised as an Incomparable Win-Win Cooperation Platform by many delegates. This session we will further introduce advanced technology and discuss marketing and management models, in order spread new technology and solutions, help cooperates transform and upgrade, and let companies better adapt to development tendency.

**Concurrent Conference: Automation in Manufacturing Summit 2015** 

www.ringierevents.com www.industrysourcing.com

## Why attend?

Gathering over 400 elites in the industry Showing more than 50 innovative products and solutions Presenting state of the art technology and development tendency Combining technology, marketing and management Offering one-on-one business negotiation opportunity

Providing multi-element interactions: case analysis, brainstorm and brand story

### Hot topics:

Involving Automobile, Molding, Aviation and Rail Transportation Industries.

Connecting industry through information exchange!

Lean Production

Intelligent Processing

**Unmanned Factory** 

Industrie 4.0

**Precision Machining** 

Nontraditional Machining

Efficiency: small quantity of great varieties VS big quantity of several varieties

Precision control of high performance machining

Cost control of high performance machining

High performance management

### Inviting Speakers and Collecting Technology Essays:

 Precision production, Typical parts processing technology, 5–axis machining, Large molding processing technology, Precision and small molding processing, Patent transfer

· Free of business promotion content:

If the essay passed the auditing, it could be published on Ringier's magazines related to metal processing or the writer could be the speaker of the conference.
