

9th China Coatings Summit - Auto, Industrial Anticorrosive, Wood, Architectural

May 15-16, 2012 Renaissance Shanghai Pudong Hotel

9th China Coatings Summit by Ringier was successfully held on May 15-16, 2012 in Shanghai Pudong Renaissance Hotel. The summit covered all of the important application fields such as auto coatings, industrial anticorrosive coatings, wood coatings and architectural coatings. There were 40 excellent presentations, 23 sponsors and more than 300 attendees during 2 days.

The summit discussed the hot topics, such as the opportunities and challenges of coatings industry, how to develop really suitable raw materials and coatings products, green coating technology and applications etc. All the participants are benefitted.

In the expo area, the exhibitors also brought a lot of new products and solutions what let the attendees get further understandings to the industry technology progress. And they did further communication with exhibitors about their needs. Ringier provided a flat form for coatings industry chain to communicate without distance, and make them know more business partnerships then win-win.

Main Sessions

Mr. Michael R Hay
Opening Speeches by Ringier

Mr. Lixing Min
Addressed by BASF

Mr. Xianghong Yang
Akzo Nobel Industrial Coatings Co., Ltd. (China)
Challenge and Opportunity Coexist
-What I have Observed China coatings with Raw Materials Field

Mr. Dengliang Liu
Chief, Experts Committee of China National Coatings Industry Association & Technical Committee of Marine Chemical Research Institute
Thoughts of Technology Innovation and Development during the Twelfth Five-Year Plan in Coatings Industry

Mr. Jianfeng Yu
Chief Engineer, Shanghai Coatings Co., Ltd.
R&D in Water-based Coatings

Mr. Weibo Huang
Professor, Qingdao Technological University Director, Rsch. Inst. of Functional Materials
Polyurea Technology in the Infrastructure Construction

Auto Coating

Mr. David Cui
PM in Spray Ability, PPG Coatings (Tianjin) Co., Ltd.
Asia Pacific Automotive Technology Trends

Ms. Cindy He
Technical Service Manager, Auto/industrial Coating, China Technical Service Center, Dispersions & Pigments, BASF
Color Trend for Automotive Coating - BASF Innovative Pigment Product

Mr. Zumu Chen
Painting Division of China Surface Engineering Association
Latest Progress of Silane Technology in Practical Application - The Revolutionary Transformation of Coatings Pretreatment Technology

Mr. Detlef Redling
Technical Manager, Merck KGaA in Pigments Subdivision Coating Business Field
High Chroma Crystal Effects

Mr. Nick Zeng
Transportation Coating Team Leader, Eastman
Use of Cellulose Esters as Rheology Additives for Automotive OEM Clearcoat

Industrial Anticorrosive Coating

Mr. Taijiang Gui
Chief Engineer, Marine Chemical Research Institute
Developing Trends of Industrial Anticorrosive Coatings

Mr. Channing Beaudry
Technical Manager, Valspar Corporation
Waterborne Coatings for Shipping Containers

Ms. Nancy Li
Technical Marketing Manager, Waterborne Resins for Coatings, BASF
Dispersions for Industry Coatings

Mr. Kevin Kang
China Technical Service and Development Manager, Cytec
Waterborne Resins for Protective Coatings

Mr. Xin Liu
Technical Manager, Jotun Coatings Co., Ltd.
The Green Trends of the Metal Anti-corrosion Coatings

**Mr. Hiroshi Morita**

Regional Manager, Mobility Coatings Solutions Asia Pacific, Business Development Coatings APAC, Bayer Material Science (China) Co., Ltd.

High Performance Solvent borne 2 Component Polyurethane Coatings for Automotive Applications

**Mr. Yunbin**

Area Sales Manager, Nubiola Pigments(Shanghai) Co., Ltd.

The Application of Nubiola High Performance Pigment in Coatings

**Ms. Margaret Ma**

PM, Automobile Refinishing Coatings, Valspar (Shanghai) trading Co., Ltd.

Auto Refinishing Coating & Matching System

Wood Coating

**Ms. Sulan Zhen**

Consultant, O'Nine Technologies Ltd (Shanghai)

The Design Ideas of Filler in Waterborne Wood Coatings Formula

**Mr. Huang Huang**

Senior Technical Service Engineer, OMG (Shanghai) Trading Co., Ltd.

Novel Catalyst for Oxidatively Drying Coating

**Mr. Donglin Li**

Technical Director, Changrunfa (Huizhou) Coating Co., Ltd.

Skills for UV Wood Coatings Technology

**Ms. Naihong Yang**

Industry Manager, DSM (China) Limited

Sustainable Innovation Applies in Paint-DSM Resins & Functional Materials

**Ms. Mijia Liang**

Vice Director, Professor Senior Engineer of Zhenjiang Furniture & Hardware Research Institute

Application of Environmentally Friendly Coatings in Wood Furniture Paintings

**Ms. Ocean Yu**

Senior Technical Service Manager, China Technical Service Center, Dispersions & Pigments, BASF

BASF Technical Solution for High Performance WB Wood Coating

**Mr. Jinsong Yang**

R&D Engineer, D-paint Water-based Paint

Solution to Application Difficult Problems of Water-based Woodenware Coating from the Resin Structure Design

**Mr. Yingke Liu**

Engineer, Jiangsu Sanmu Chemical Group Co., Ltd.

R&D Trends of Water-based Wood Coatings

**Mr. Jinxiong Wang**

International Technical Department Head, Dongguan Taiho Group Co., Ltd.

Brief Introduction for American Water-based Painting

**Mr. Huicheng Liu**

Vice Chief Engineer, COSCO Kansai Paint & Chemicals Co. Ltd.

The Application of Fluorocarbon Coatings in Wind Power Equipment

**Mr. Walee Wang**

Technical Service Manager, Elementis Specialties Inc

Total Solution for High-Performance Waterborne Protective Coatings

**Ms. Minfeng Li**

Senior Technical Advisor, China Steel Construction Society

Energy Saving and Environmental Protection is the Development Direction of Construction Steel Structure Coatings

**Mr. Yajun Zhu**

CNOOC Changzhou Paint & Coatings Industry Research Institute

The Situation and Trends of Industry Anticorrosive Coatings in Nuclear Power Station

**Mr. Bin Zhou**

Chief Designer, Design & Research Institute in Shanghai Waigaoqiao Shipbuilding Co., Ltd.

Packaging Coatings in Shipbuilding Enterprises

Architectural Coating

**Mr. Zhijiang Ji**

Head, Eco-buildings Material Section, the Institute of Cement and New Building Materials, China Building Materials Academy

Development of Architectural Coatings Environmental Function

**Mr. Walee Wang**

Technical Service Manager, Elementis Specialties Inc

New Progress of Green Environmental Protection Architectural Coatings Additives

**Ms. Hannah Zhang**

DuPont TiO₂ Value in Auto Tinting System (ATS)

China Marketing Manager, DuPont Titanium Technologies

**Mr. Milo Feng**

Technical Service Manager, Six Sigma Black Belt, DuPont Titanium Technologies

China Marketing Manager, DuPont Titanium Technologies

**Mr. Xuanyi Lin**

Vice Chief Engineer, Shanghai Sto

Architectural Coatings R&D Status

**Mr. Guojian Wang**

Head, Institute of Polymer Materials of School of Materials Science and Engineering, Tongji University

The Status and Development of the Architectural Fire-resistant Coatings

**Mr. Gaofeng Zhang**

Technology Center Project Manager, Shanghai Carpoly Coating Ltd.

Discussion on New Environmentally Interior Wall Paint Developed

**Mr. Chunming Wang**
