

6th Cosmeceuticals Innovation Conference

Nov.20 -21, Shanghai

 **Ringier Conferences**
荣格研讨会，聚集行业专家的高峰论坛！
Connecting industry through information exchange!

Accepted by more and more people, the Cosmeceuticals has a rapid growth in China and the annual growth rate of the imports has reached 20% which is twice of that in Europe. However, the environment of the domestic cosmeceutical market should be improved because it still lacks the mature model and a unified regulatory system. In response to the dramatic changes in cosmeceutical market, many Chinese national enterprises are constantly integrating resources, making efforts to change the existing disadvantage to strengthen technology and upgrade hardware.

On the basis of the previous success, the summit continues to bring the latest regulations to the delegates and help them solve the various problems in the process of R&D. We believe that our forum can help the enterprises find their ways to a better future.

Speaker

Ms. Salina Ip
Account Director, Datamonitor
Consumer, Greater China
Topic: Development status and
market trends of cosmeceuticals in
China

Mr. Feifei Wang
R&D Director, Dihon Pharmaceutical
Co., Ltd.
Topic: Explore the development
process of cosmeceuticals

Ms. Jessie Lu
Application & Project Manager, Life
Essentials Scent & Care, Symrise
Shanghai Co., Ltd
Topic: New ideas on whitening
design

Mr. Richard Li
General Manager, Shanghai Laibo Bio-
chemical Co. Ltd.
10:20--10:50 Q&A+ Tea break
Topic: Case study on cosmeceutical
research and development

Mr. Zebo Huang
Professor and Dean School of Biosciences
and Biopharmaceutics Guangdong
Pharmaceutical University
Topic: Research and development of
polysaccharide cosmetics

Ms. Xiaojun Shi
Professor, Life Science Division of
Graduate School at Shenzhen, Tsinghua
University, UVR
Topic: Application of flavonoid
mediated melanoma on protection skin
from UVR injury

Mr. Xuemin Wang
Director, Skin & Cosmetic Research
Dept., Shanghai Skin Diseases Hospital
Topic: Research progress of sensitive
skin

Ms. Leihong Xiang
Director, Department of Dermatology,
Huashan hospital
Topic: Function research of cosmetics
on the skin barrier repair
