Background

Functional Beverage and Nutritious Food Summit 2016 will cover the latest topics on food, beverage and packaging technologies and latest updates, which will examine innovations in ingredients, applications, supply chain and sustainable packaging. It will provide an in-depth look of consumer and market trends, and spotlight as always the important and ever-changing impact of global legislation.

The previous five sessions of this summit have attracted more than 1000 food and beverage industry professionals, making this event an effective platform for opinion-sharing, communication and cooperation among local companies.

The summit will also present industry development trends from multiple angles so that companies can gain knowledge of new techniques and methods to help them adapt to market changes.

Why Should You Attend

3 tracks;

25+ authority industry speakers;

350+ industry attendees;

Buyer/Supplier meetings: Match Making Service

Mini Expo and Technical Seminar

Industry 4.0;

Food & Beverage Tasting Zone;

Factory Tour;

A great platform to meet the industry's decision makers

Innovative Packaging Zone

On-site vote, select one of the most popular packaging products

Drinks Tasting Zone

Provide a variety of drinks tasting, then vote the best drinks

Factory Tour

Visit the leading equipment supplier of beverage packaging industry, providing comprehensive solutions for beverage factory

Mini Expo & Technical Seminar

An easy and fast way to acquire updates on innovative technology and scientific development

Match Making Service

Offer match making service to meet the purchasing purpose of companies

Innovation Zone

Mintel, a global and award-winning provider of Market Research, will bring innovative products

Conference Topics

Food safety and management

Updates on the Policy and Regulation of the Food Industry
Updated Regulations on the Import & Export of Food
Laws on the Declaration and Registration of Dietary Supplement
Food Tracking System

Nutritious Food

Nutricosmetic Food (Anti-aging, Anti-pollution, Anti- radiation)
The Development and Application of Probiotics/Nutritional Ingredients/Plant Extracts/Amino Acids
The Development and Innovation of Infant Food
Strategic Nutrition for Women's Health
The Best Selling Ingredients for Weight Management
Development Prospects of Sports Nutrition Health Food
Innovative Raw Materials Application in Sports Nutrition Health Food
Product Research and Development Trend:

- Bone Health
- Brain Health
- Heart Health
- Food for Good Mood

Functional Beverage

Analysis of Vegetable Protein Beverage Product Quality
The Innovation of the Sterilization Process and Control
Formulation of Food for Special Medical Purposes
The Development of Beauty Oral Liquid
Functional Ingredients in Drinks for Special Uses
The Discussion about Safety, Health and Nutrition in Children's Beverage
Texture Analysis and Beverage New Products Development
Update on Accurate Targeted Health Food
The Research and Trends of Plant Extract Drinks

Food Testing

Testing of Active Ingredients in Functional Food & Beverage
Testing Standard & Method of Infant Food and Dairy Products
High Efficient Separation and Purification Technology for Functional Ingredients

Packaging

The development of biodegradable packaging materials
Incorporation of active substances to food packaging
How to improve the shelf life of food packaging
Technology innovation of Packaging film
The development and application of intelligent tag temperature
Design and application of intelligent packaging
The development of robot in the field of food packaging
Beverage filling process optimization
Packaging anti-counterfeiting applications
Robot drives food packaging Intelligent upgrade

Advisory Committee

You Xin, Honorary Chairman, China Food Additives & Ingredients Association

Huang Shengming, Vice Director, Committee of Experts on Chinese Institution of Food Science and Technology

Chu Yufeng, Secretary-general, China Food and Packaging Machinery Industry Association

Zhang Yaoquan, Chairman, Zhejiang Province Packaging Technology Association

Feng Fusheng, Vice Secretary-general, Shanghai Sugar-make Food Association

Wang Xichang, Dean & Professor, College of Food Science and Technology, Shanghai Ocean University

Chen Yourong, Vice Secretary General, Shanghai Society of Food Science(SSFS)

Professor, College of Food Science and Technology, Shanghai Ocean University

Confirmed Speaker

Patrick Reynolds,

VP/Editor, Packaging World

Topic: Global Packaging trends and design for the food and Beverage Industry

Dr. Rindit Pambayun,

President, THE INDONESIAN ASSOCIATION OF FOOD TECHNOLOGISTS(IAFT)

Topic: Trend & Challenges of Food Ingredient Industry in Indonesia

Dr. Ardiansyah ,

Secretary, IAFT

Topic: Trend & Challenges of Food Ingredient Industry in Indonesia

Zonglian Jin,

Key Laboratory Professor,

Biological Active Substances and Functional Foods of Beijing Union University

Topic: Innovation and Strategy of Health-care Food Enterprises' Development and R&D Under the New Management System

Weisheng Xu,

Institute of Nutrition and Food Safety, Chinese Center for Disease Control and Prevention

Topic: Fruit Wine and Beverages related to Polyphenols Efficacy Component Testing

Ruifen Zhang,

Researcher, Sericultural & Agri-Food Research Institute, Guangdong Academy of Agricultural Sciences

Topic: The Phenolics in Whole Grain and Their Bioactivity of Lipid Metabolism Regulation

Haidong Kan,

Professor, Fudan University

Topic: Air Pollution and Nutrition

Chei-Hsiang Chang,

President, Taiwan Leader Biotech Corp.

Topic: Current Status and Future Challenge of Taiwan Functional Food Industry and Market

Ching Yang,

Senior Research Analyst, Mintel

Topic: To Win Chinese Consumers - Share for Chinese Vegetable Protein Beverage Market

Mr. Jun QIAN,

Professor of Printing and Packaging College, Wuhan University

Topic: Food Packaging Printing Ink For Food Safety

Mr. Lixin LU,

Dean of School of mechanical engineering, Jiangnan University;

Topic: Food active packaging technology and shelf life

Mr. Gang HUANG,

Secretary-General

Topic: Plastic Packaging Specialty Committee of Guangdong Packaging Technology Association

Richard Li,

Vice President, Innova Research

Topic: RFID Based Smart Packaging And Relevant Technology Trends

Xichang WANG,

Professor , College of Food Science and Technology

Topic: The Latest Food Packaging Solutions 2016

Jeffrey Xu,

Food Safety Analytical Governance, Sr manager, Danone Food Safety Center

Topic: Unconfirmed

Mr. ALEX CHEN,

Product Development & Marketing Development MANAGING DIRECTOR, WANT WANT GROUP

Topic: Children's Milk Drink

Xiaofei Xu,

Senior R&D Manager, SIRIO PHARMA CO.,LTD

Topic: Unconfirmed

Wu Hao,

Senior Engineer,

Food Inspection and Quarantine Technology Center, Shenzhen Entry-Exit Inspection and Quarantine Bureau

Topic: Application of Stable Isotope technique in food and beverage authenticity

Mike Yang,

Packaging Development Manager, PERFECT (CHINA) Co., LTD

Topic: Packaging development how to ensure food safety in food company

Conference Framework

Day 1: Aug 25th (Thursday)

Morning (9:00-12:30)

Main Session

Afternoon (14:00-17:30)

Parallel Session

(Nutritious Food Session, Functional Beverage Session, Innovative Packaging Session)

Day 2: Aug 26th (Friday)

Morning (Before Coffee Break)

Parallel Session

(Nutritious Food Session, Functional Beverage Session, Innovative Packaging Session)

Morning (After Coffee Break)

Main Session

Afternoon

Factory Tour:Guangzhou Tech-Long Packaging Machinery Co., Ltd.

*Tech-Long is one of China's leading packaging equipment manufactures,Tech-Long provides the comprehensive solutions for beverage factories

食品饮料工业 荣格技术创新奖
Ringier Technology Innovation Awards 2015 Food & Beverage Industry

Ringier Technology Innovation Awards

— One of the Most Influential Industry Awards in China

The Ringier Technology Innovation Awards for industrial manufacturing were inaugurated by Ringier Trade Media in 2006. The Awards is now rewarded to a select group of innovators each year in China's food & beverage industry.

2016 Ringier Technology Innovation Awards – Food & Beverage Industry will be held with the **Functional Beverage and Nutritious Food Summit 2016**, and reach high-profile decision-makers and target buyers with large purchasing power.

Ringier Technology Innovation Awards have already become one of the most influential industrial Awards in China because of its neutral judging process.

Awards Categories

1. Food & Beverage Ingredients
 - Functional Ingredients
 - Processing
 - Flavoring
 - Coloring
 - Preservation
2. Food & Beverage Processing
3. Food & Beverage Packaging
 - Packaging design (including materials, container modeling, container structure etc)
 - Packaging equipment & Coding
 - Secondary packaging & Logistics
4. Food Safety (F&B Testing & Measurement)
5. Other Innovative Products/Technologies

Awards Criteria

To qualify, the entry must be a new product or technology launched during 2014 – 2016 for China's food & beverage industry.

Entry must be relevant to China and in the forefront of the international food & beverage industry, and have helped take China's food & beverage industry to new levels.

Entry should have provided great impetus to food & beverage industry development, and have been widely introduced, applied and promoted. The

impetus includes increasing productivity, improving product performance and effectiveness, creating market opportunities and being environment – friendly.
