PCT2016 - Personal Care Technology Summit & Mini Expo

June 23-24, 2016

The Longemont Hotel Shanghai

Mini Expo Open Time:
(Free for professional visitors)
14:00-17:00, June 23
10:00-17:00, June 24

Concurrent Event:
**Nonwovens Technology Innovative
Application Conference 2016**

01/ Background

The Personal Care Technology Summit was founded in 2004. As the forerunner of China's personal care industry, it has been committed to providing a one-stop platform for peer-to-peer information exchange on a vast range of topics, including skin care, hair care, color cosmetics, packaging, regulatory & testing, and also material and machinery technology solutions. Successfully held 12 times, The Personal Care Technology Summit has won its reputable role from personal care manufacturing companies, cosmetic scientists, formulators, formulation chemists, laboratory managers, agents and distributors.

Based on the excellent feedbacks across the industries, PCT is expanding its scale this year. A critical event 'Mini expo' is added into 2016 personal care technology summit (PCT). The Mini expo would serve as the highlight of PCT and meet the demands from the personal care industry. Through various marketing initiatives such as match making service, innovation zone, mini Expo & technical seminar and formula lab presentations, PCT is able to successfully bridge like-minded business together.

PCT is supported by industry-leading trade associations such as Beijing Daily Chemical Research Institute, Beijing Sino-German Union Cosmetic Institute Co., Ltd., Guangdong Entry-Exit Inspection and Quarantine Bureau, West-China Hospital of Sichuan University, Chinese Medical Association, Happi, Rodman Media Corp. and Happi China.
