

Plastic & Rubber and Innovative Materials Application for Pipes Conference 2016

***March 17-18, 2016
Shanghai, China***

Sponsors

Demag **Plastics Group**

Relevant Conferences

Plastics & Rubber and Innovative Materials for Electronic Design Application Conference 2016

Plastics & Rubber and Innovative Materials for Medical Products Application Conference 2016

Plastics & Rubber and Innovative Materials for Automobiles Application Conference 2016

Relevant Ceremony

Ringier Plastics Industry Technology Innovation Awards 2016

Background

With the development of polymer technology, high quality standard of Pipe & Tube products are more and more selected to apply to city construction especially for building system, communication system, electric power system etc. Thus developing green and environmental-friendly plastic pipes becomes the mainstream of this new century. The plastics processing industry is going through a period of transition from growth to Mature. And high technology and scientific achievements becoming a competitive advantage.

In addition, the 13th Five-Year Plan is boosting the speed up of flood control and water logging prevention construction, and the SPONGE CITY Program is a good method to solve the problem. Therefore, what will be the new requirements for the products? How manufactures will handle this new challenge? And what opportunities will it bring to material suppliers? These questions will be answered at the Plastic & Rubber and Innovative Materials Application for Pipes Conference 2016.

This conference will be held on March 17-18, in Shanghai. Look forward to see you.

Why Should Attend?

- International Call for Research Papers **(NEW!)**
- Innovative Product Zone **(NEW!)**
- Plastic Testing Lab **(NEW!)**
- Concurrent Ceremony: Ringier Plastics Industry Technology Innovation Awards 2016 **(NEW!)**
- Advisory committee- high level speakers from domestic and overseas **(NEW!)**
- Factory Visit **(NEW!)**
- Hot topics, top speakers
- Latest technologies and solutions on the market
- Forefront Market overview
- Get new ideas and acquire latest knowledge applicable to your field
- Mini Expo and technical seminar

Innovative Product Zone

The Innovative Product Zone presents cutting-edge products and solutions that have enabled the development of highly innovative product.

Plastic Testing Lab

Materials research and development, quality control, testing and evaluation all play significant role in choosing the appropriate material. "Plastic Testing Lab" invites you to explore and experience the challenges faced by macromolecule material performance test and offers the most comprehensive solution available today. The zone:

- **Allows experts to share breakthrough solutions through polymer material mechanics performance test field**
- **Sets the stage for a comfortable communication environment where professional materials experts answer test problem for you**
- **Provides a variety of sample scene demonstration operation, a comprehensive understanding of your test requirements**

Benefits to you

To acquire the latest technology and R&D results

To discuss practical cases with leading companies

Gathering industry experts to answer your questions to enhance the competitiveness of your company

Exhibition area and technical seminar will show you the latest innovative products and solutions

To develop business partners through face to face communication

Who will attend

Raw material supplier;

Molds manufacturers;

Production equipment and testing instrument supplier;

Wire& pipes manufactures

Experts and Leaders from Associations, Organizations, Universities, Institutes and Government Officials

Topics

Section 1: Policy & market development

Plastic market outlook 2016

Forecast of the 13th Five-Year Plan in pipes industry

Development opportunity of the Belt and Road policy to pipes industry

Section 2: Raw materials & additives

Innovation and development of special resin PVC/PE for plastic pipes

Demand on raw materials for new plastic pipes

Research of environmental friendly additives

Section 3: Extrusion Technology&Molds

Temperature Induced Dimensional Variation in Extrusion

How to Improve Quality and Productivity in Extrusion of 3D Printing Filament

Latest developments of Extrusion granulation equipment technology

Section 4: Equipment & Detection

Advancement of Pipeline inspection technology and equipment

Application of online testing and Automatic Controlling Technique

How to shorten the installation time of PVC pipeline

Section 5: The Downstream Application

Advances in Downstream Systems for Pipe and Profile

Popularization and Application of plastic water supply and drainage pipe

Introduce of electric power transmission and Smart Grid

Partial list of Invited Delegates

ANHUI GUOFENG PLASTIC INDUSTRY CO., LTD

ANHUI GUOTONG HI-TECH PIPES INDUSTRY CO.,LTD

BAISHAN XIFENG PLASTIC CO.,LTD

GUANGDONG EAST PIPES CO.,LTD

GUANGDONG JINMING MACHINERY CO., LTD.

GUANGDONG RONGTAI INDUSTRY ... CO.,LTD

GUANGDONG SIMCHENG PLASTIC MACHINERY CO.,LTD

GUANGDONG WEILINGNA FUNCTIONAL MATERIAL CO.,LTD

GUANGDONG YILONG NEW MATERIAL CO.,LTD

GUANGZHOU KINGFA SCI.&TECH. CO., LTD

HEIBEI ETON PIPES INDUSTRY CO.,LTD

HEILONGJIANG CHENGCAI PIPES INDUSTRY CO.,LTD.

KAILE NEW MATERIAL SCIENCEAND TECHNOLOGY.,LTD.

HUBEI ZHONGGE PLASTIC PIPES INDUSTRY CO.,LTD.

HUANGSHENG GROUP

HUAIAN YUGUANG PLASTIC PRODUCTS CO.,LTD.

JIANGSU LVYUAN NEW MATERIAL CO.,LTD

JIANGSU SHENLONG HI-TECH CO.,LTD

JIANGSU SHUANGXING COLOR PLASTIC NEW MATERIALS CO.,LTD.

JIANGSU XINFENG PLASTIC INDUSTRY CO.,LTD.

JIANGSU YOKE TECHNOLOGY CO.,LTD

TIANSHUI WANWEI WIRING MATERIAL CO.,LTD.

WUXI JULONG PLASTIC&CHEMICAL CO.,LTD.

XVZHOU CHENYANG MOLD PRODUCT CO.,LTD.

GUANGDONG JUXIN WIRE & CABLE MAKE CO.,LTD.

MIDDLE EAST CABLE MANUFACTURE CO.,LTD

FAR EAST CABLE

BEIJING ZHONGYOU JUCHUANG RUBBER & PLASTICS TECHNOLOGY CO.,LTD

KUNMING PURETOWN ENVIRONMENTAL TECH INCORPOATED COMPANY

SHANDONG HUIFENG PIPES INDUSTRY CO.,LTD

SHANDONG LUYU PLASTIC INDUSTRY CO.,LTD

THE PLASTIC TRADE ASSOCIATION OF SHANGHAI (SPTA)

SHANGHAI PLASTICS CO.,LTD

SHANGHAI RADIX VACUUM METALLISING CO.,LTD

SHANGHAI YONGLI BELTING CO.,LTD

SHANGHAI ZHONGYUAN TECHNOLOGY CORPORATION

TIANJIN JUNXING PIPES GROUP

ZHEJIANG WEIXING NEW BUILDING MATERIALS CO.,LTD.
