

Conference Day 1 Jun. 23 (Thursday)	
AM	
0900-0910	Opening Speech
0910-0940	<p>Challenges and Opportunities Facing the Global Nonwovens Industry</p> <ul style="list-style-type: none"> ➤ A look at the top manufacturers of nonwovens past, present and future ➤ Factors that are influencing growth across all nonwovens segments and technologies ➤ The main challenges facing manufacturers include flushability, mergers and acquisitions, government regulations and capacity issues <p>Karen Bitz McIntyre, Editor, Nonwovens Industry</p>
0940-1020	<p>Technical innovation, perfect to create high "fermentation" anti-aging biological Fiber Mask</p> <ul style="list-style-type: none"> ➤ The key to the development and biological fiber ➤ Own strain compared with the general biological fiber fiber ➤ The mask of non-woven fabric and skin safety relevance evaluation research
1020-1100	<i>Coffee Break and Networking</i>
1100-1140	<p>The transformation of the modular manufacturing to the fine production of the industry</p> <ul style="list-style-type: none"> ➤ The intelligent fine production concept ➤ The automatic process advantage ➤ The new technology brings to the industry changes
1140-1220	<p>The latest regulatory trends and efficacy tests</p> <ul style="list-style-type: none"> ➤ Analysis of the industry market ➤ The FDA, the EU new regulations analysis ➤ Analyze the efficacy evaluation test and case study
1220-1230	<i>Take a group photo</i>
1230-1330	<i>Luncheon and Networking</i>
PM	
1330-1405	<p>Development trend and application potential of nonwoven fabrics market in China</p> <ul style="list-style-type: none"> ➤ 2016 China nonwoven market and technology development direction ➤ The main production equipment and technology progress ➤ The main problem analysis is the gap between domestic and foreign and China nonwovens industry technology progress ➤ The industrial nonwovens development
1405-1440	The development of the fiber market and application in the textile industry

	<ul style="list-style-type: none"> ➤ The application of fiber in Nonwovens field ➤ Production and market trends to 2016 Chinese fiber industry ➤ The advantage of new fiber to traditional fiber
1440-1515	<p>Application of hot melt adhesive in hygiene area</p> <ul style="list-style-type: none"> ➤ Test and analysis results of the case of hot melt adhesive ➤ Test and analysis results of the case of hot melt adhesive ➤ How adhesive products to meet market demand ➤ The coating process and the solutions
1515-1545	<i>Coffee Break and Networking</i>
1545-1620	<p>The strategy and application of antiseptic wipes</p> <ul style="list-style-type: none"> ➤ Analyze the current situation of domestic and foreign market and category wipes ➤ China's market prospect, wipes, baby wipes, wipes and eco-friendly wipes for women ➤ The safety of substitute products and antiseptic wipes and moisturizing products ➤ Analyze the efficacy test
1620-1655	<p>Progress and application of medical spinning melt Nonwovens</p> <ul style="list-style-type: none"> ➤ Related industry standard analysis ➤ A new technology to replace the old technology ➤ The potential of melt spinning technology of nonwovens production <p>Luo Jun, executive vice president, Foshan Nanhai bidefu nonwovens Co. Ltd.</p>
1655-1730	<p>2016 consumer trends in consumer paper</p> <ul style="list-style-type: none"> ➤ The national two-child policy published on the impact of living paper industry ➤ The hygiene business marketing ➤ Analyze the China adult incontinence products market potential ➤ The consumer of the mask, wipes, diapers, adult incontinence products market demand analysis
1730-1930	<i>Cocktail Party</i>
Conference Day 2 Jun. 24 (Friday)	
AM	
0900-0935	<p>Nonwoven fabric production process and raw material selection</p> <ul style="list-style-type: none"> ➤ Soft - non weaving technology ➤ The nonwoven product design trends ➤ The new prospect of Nonwovens Technology

0935-1010	<p>Regulations and product application of disinfection wipes</p> <ul style="list-style-type: none"> ➤ The United States hard surface disinfectant wipes and regulations ➤ The main formula ➤ The interpretation of test requirements
1010-1040	<i>Coffee Break and Networking</i>
1040-1115	<p>Discussion on intelligent product design of diapers</p> <ul style="list-style-type: none"> ➤ The development trend of the intelligent diapers ➤ The Internet and diapers ➤ How to realize the function of intelligent smart diapers
1115-1150	<p>Efficient production and processing solutions for nonwovens</p> <ul style="list-style-type: none"> ➤ To optimize production process and improve production efficiency ➤ To reduce production costs, faster and more efficient ➤ The hot melt adhesive spraying technology
1150-1300	<i>Luncheon and Networking</i>
PM	
1300-1335	<p>Study on the demand of non woven fabrics from the process of mask</p> <ul style="list-style-type: none"> ➤ The development of the mask industry trends ➤ The non-woven fabric and skin mask security research ➤ The mask process and efficacy evaluation
1335-1410	<p>Introduction of bio based materials applied to non woven fabrics</p> <ul style="list-style-type: none"> ➤ An important idea is the bio based chemical fiber ➤ How to achieve biodegradable flushable Technology ➤ Analyze the product application and case
1410-1445	<i>Coffee Break and Networking</i>
1445-1515	<i>Lucky Draw</i>
1530	<i>Conferene Ends</i>
