

China Coatings
中国涂料峰会

Attention!

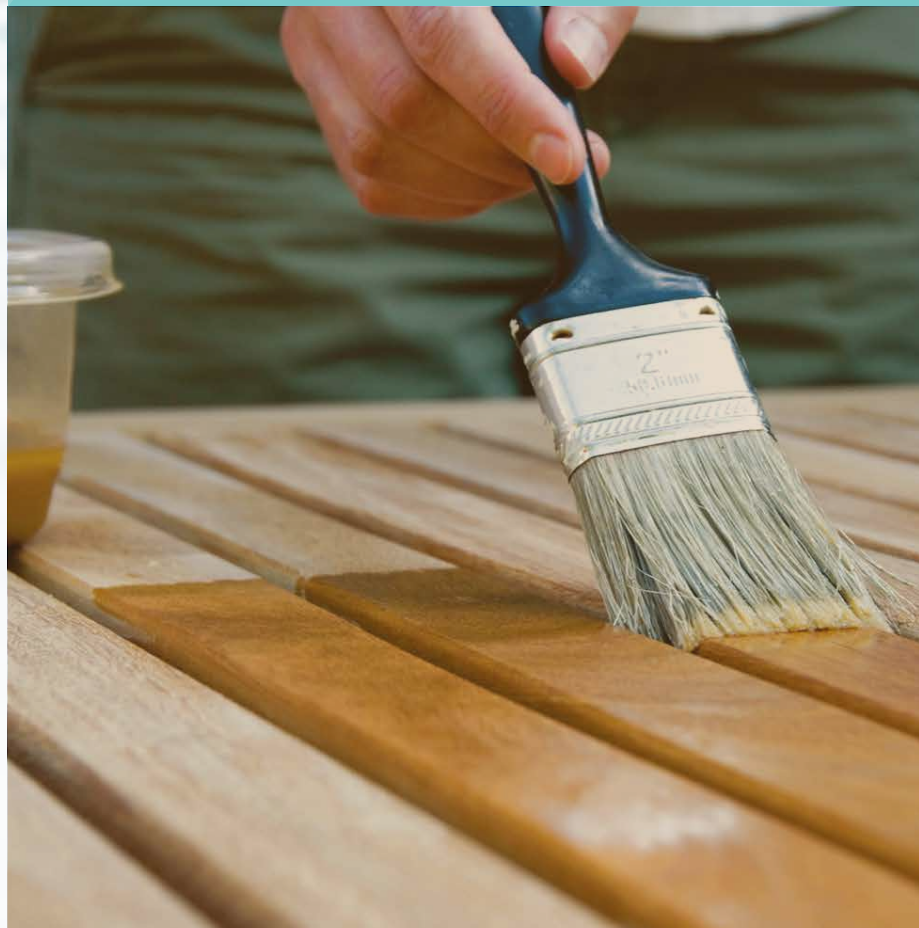

*Makers of Coatings/Ink Products
Are you looking for new suppliers and
solutions?*

*China Coatings Summit & Expo 2017
will be your best choice*

China Coatings Summit & Expo 2017

May24-25
The Longemont Hotel
Shanghai

Concurrent Event:
Green Ink and Printing Technology Application
Conference 2017

Concurrent Ceremony:
Ringier Coatings Industry Technology Innova-
tion Awards 2017

www.ringierevents.cn

01/ Background

During the period of “13th Five-Year” plan, the economic performance in the coating industry maintain steady, contributing a gross output value by an average of 6.5%. And by 2020, the output value of the entire Coating industry is expected to reach 560 billion yuan.

The paint industry production is expected to reach 22 million tons. Meanwhile, as a result of the objective to realize eco-friendly and low carbon policies from the local and national level, the coating industry has been well affected. Green and secure production will become the mainstream in the development of China's coating industry.

2017 China Coatings Summit & Expo will focus on the topic of “Innovation and Green industry”. More than 50 keynote speeches covering industry regulations, trends, advanced technology, and market trends will be presented across 5 industry sectors to more than 400 delegates. The “Green Ink and Printing Technology Conference 2017” will be held at the same time. It would present the latest technologies and solutions for ink and printing industry. In the concurrent ceremony: Ringier Coatings Industry Technology Innovation Awards 2017, you would find innovative products and technologies.

02/ Highlights

Match Making Service

Offer match making service to meet the purchasing purpose of companies

Mini Expo & Technical Seminar

An easy and fast way to acquire updates on innovative technology and scientific development

Quiz Contest Zone

To break the ice between exhibitors and visitors, enhance communication and interact with each other.

6 Tracks, Covering over 60 Key Topics

–Wood

–Architectural

–Anti-corrosive

–Auto

–Smart Functional Coatings

–Green Ink

Five-Star Customized Service

Your Business & Leisure Experience

The Longemont Hotel Shanghai won the 'Best Meeting & Conventions Hotel in Shanghai Awards' of 2013 TTG China Travel Awards. During PCT, you will enjoy two coffee breaks and delicious lunch each day as well as cocktail party at the first night. Besides, we offer you great networking opportunity to communicate with industry experts and manufacturing companies in a relaxing environment.

Convenient Location

The Longemont Hotel Shanghai was newly decorated in 2014, with premium location in West Yan'an Road, next door to the central business district and easy to reach. Only 10 minutes walk from subway station.

03/

Why Should You Attend?

9 Reasons to Attend

1. 6 parallel sessions, 60+ topics, 450+ attendees
2. Two parallel events, unprecedented scale
3. Advisory committee- professional domestic and overseas speakers
4. Market overview, industry trends and innovative technology
5. Industry experts to share onsite
6. Access to the most cutting edge ideas, new solutions to contribute to your business strategy
7. Mini Expo and technical seminar
8. Supply and demand releases & onsite business match
9. Concurrent Ceremony: Ringier Coatings Industry Technology Innovation Awards 2017

04/

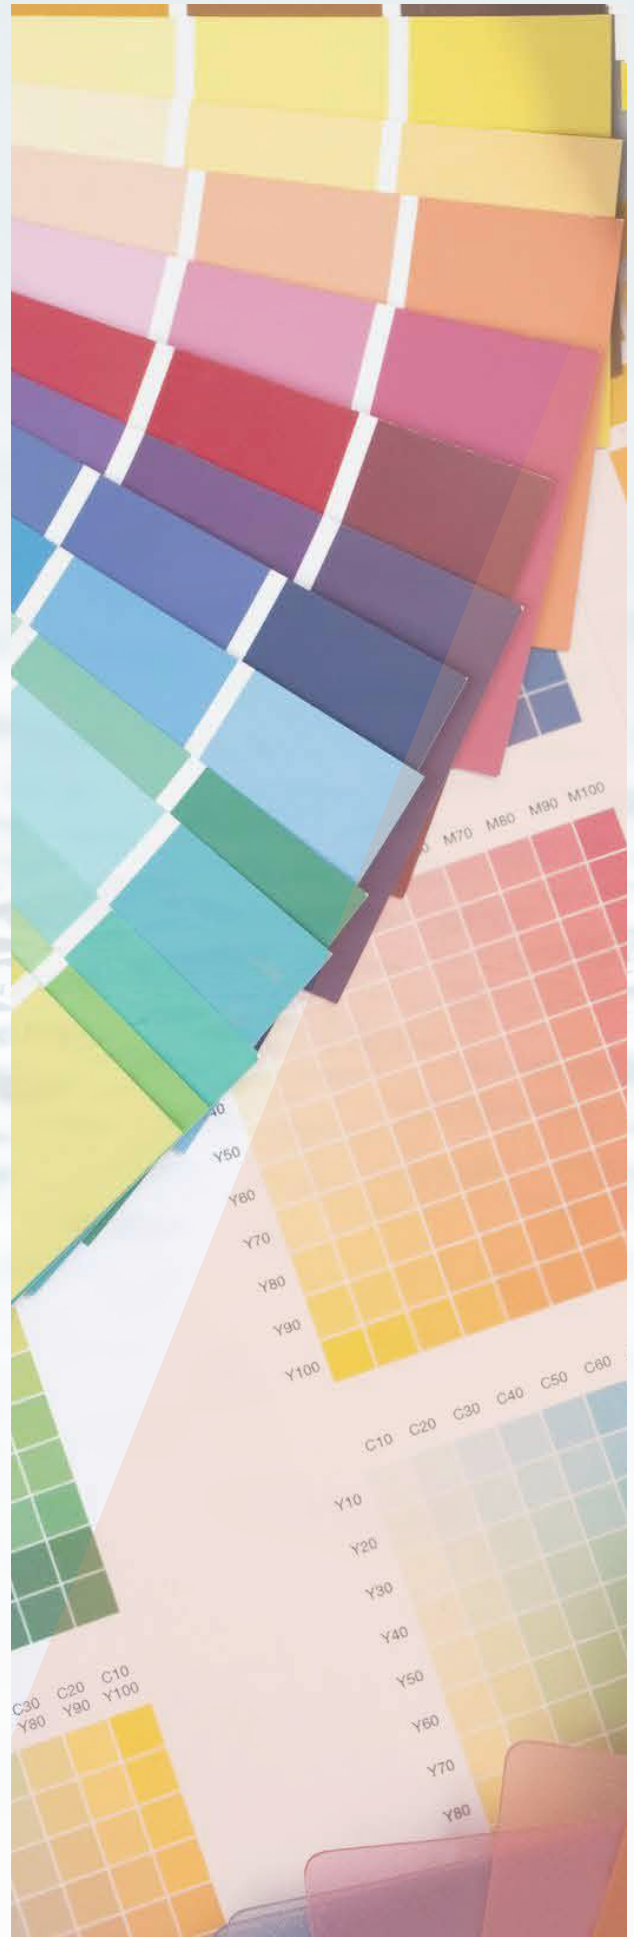

Who Will Attend

By Industry

Coatings/Ink Manufacturers/Agency
Coatings/Ink Raw Material Suppliers
Coatings/Ink Use enterprise
Machinery and equipment manufacturers
EBO Testing Center
Printing Manufacturer
Packaging Enterprise
Others

By Job Title

GM/VP
Technical Director/Manager
Scientist, R&D Expert/Chemist
Manufacturing Director/Manager
Purchasing Director/Manager
QC Director/Manager
Lab Manager
Marketing/Sales/Product Director/Manager
Production/Process/Project Director/Manager
Others

05/ Partial Confirmed Speakers

Mr. Guangli XIU

Professor, School of Resources and Environmental Engineering
East China University of Science and Technology

Mr. Qihua MIAO

Technical Service Director
Sherwin-williams

Mr. Peng LIU

Director, Institute of Special Paint
Zhejiang Transfar Coating Co., Ltd

Mr. Kim WANG

Teal Leade
Huntsman Chemistry Research & Technology Center (Shanghai) Co., Ltd

Mr. Xianhe YU

Senior Engineer
National Product Quality Supervision and Inspection Center for Building Hardware Material

Ms Minfeng LI

Senior Engineer, Committee of Experts
China National Coatings Industry Association Fire Protection and Corrosion Prevention Branch Association

Mr. Jianxin ZHANG

Dean SHUNDE Furniture Design Institute

Mr. Xiangke WANG

UV Coating Deputy Manager of Technical Management Center
China Zhanchen Paints Co., Ltd

Mr. Ning QIANG

Associate Professor
Tongji University

Mr. Xinjian CHEN

Consultant Engineer
Carpoly Paint (Shanghai) Co., Ltd

Mr. Taijiang GUI

Chief Engineer
Marine Chemical Research Institute

Mr. Zhengwei CAI

Technical Manager
3trees Paint Co., Ltd

Mr. Kaibin XU

Technical Director
Nanjing Alwayslucky Paint Co., Ltd

Mr. Xiachang ZHANG

Dean
Changzhou Institute of Printed Electronics Industry

Dr. Reiner Friedrich

Head of Global R&D Technical Functionals
Merck KGaA

Mr. Jun ZHANG

Market Committee Representatives
Waterborne

Ms Juxiang ZHANG

Manager of surface protection SAIC Volkswagen

Mr. Zuo PAN

Anti-corrosive Coating Manager
China International Marine Containers (Group) Ltd

Mr. Feng WEN

Chief Enigneer
Twin Tigers Coatings

Dr. Jianlong ZHOU Mgr Huan WU

Jotun Coatings

Industrial anticorrosion field

- Study on waterborne epoxy anticorrosive coating
- Application of waterborne resin in different corrosion protection systems **HOT!**
- Preparation of graphite nanosheets and application of anticorrosive paint **NEW!**
- Management of toxic and harmful substances in Marine Coatings
- Corrosion of marine environment and heavy duty coatings **HOT!**
- Environmentally friendly coating and process equipment
- Rust proof packaging and lubrication
- Development of fire retardant coatings for industrial equipment **NEW!**

Automotive coatings branch

- Coating industry environmental improvement program
- VOC emission reduction technology for automotive coatings and coatings **HOT!**
- The influence of equipment and technology on water based coating
- Application of special coatings on urban rail vehicles **HOT!**
- Vehicle lightweight coating
- Development trend of passenger car and commercial vehicle **HOT!**
- Study and application of electrophoretic paint formulation
- Automotive repair paint water-based road **NEW!**

Intelligent function field

- New functional coatings and raw material solutions
- Application of nanotechnology in coatings
- Innovative coating materials
- heat sensitive and pressure-sensitive coatings
- High temperature / low temperature coating technology
- Smart coatings that can "sense" temperature **NEW!**
- Development prospect of stimulus responsive coatings **NEW!**
- Food contact coatings for food safety regulations **NEW!**

Wood coatings branch

- Furniture color trends
- Environmental protection of children's furniture coatings
- Application of UVCC in furniture industry
- Study on VOC comprehensive regulation policy of wood coating and coating industry **HOT!**
- The latest development of High Performance Waterborne Wood Coatings
- Green coating scheme for export cabinets **NEW!**
- Structural antibacterial coatings used in wood furniture industry **NEW!**

Architectural coatings branch

- Different substrates have different requirements for coating formulation design
- Development status of building energy saving coatings in China
- Demand forecast and impact of real estate on architectural coatings
- Coating process status /VOCs emission reduction
- Suitable for rapid re coating of interior wall coatings **NEW!**
- Application and manufacture of nano materials anti graffiti antifouling coating **NEW!**
- Development of reflective thermal insulation coatings from two angles of resin and pigment **NEW!**

Green ink and printing

- Research progress and Prospect of environmentally friendly resin for offset printing ink **HOT!**
- The technology and development of environmental offset printing ink **HOT!**
- Flexo printing ink in the packaging industry **HOT!**
- The traditional way of turning oil into water **HOT!**
- The development of packaging printing under VOC taxation **HOT!**
- Printing electronics industry demand for ink products **NEW!**
- Food safety and ink **HOT!**
- Development and orientation of water-based gravure ink **HOT!**

09/ About Organizer

Ringier Trade Media Ltd. has been a leading B2B industrial information provider for 18 years, providing industrial leaders in China, Asia and the Middle East with the technical information, solutions and applications they need to improve their manufacturing and marketing capability through multiple media platforms that include print (industry trade journals), online (www.industrysourcing.com), events, digital marketing, iPad, iPhone and Android devices. With award winning editorial content, Ringier publishes 22 industry trade journals. The company has been successfully linking buyers and suppliers in China, Asia and the Middle East and the rest of the world to the mutual benefits of all parties.
