

# Green Ink and Printing Technology Application Conference 2017

## Efficiency and Green

May24-25, The Longemont Hotel, Shanghai

### **Concurrent Event:**

- **China Coatings Summit & Mini Expo 2017**
- **Ringier Coatings Industry Technology Innovation Awards 2017**

## Background

China's ink manufacturing industry entered a new phase along with the country's advancing printing market. Therefore, significant changes have taken place in the ink industry including product structure. As China reinforced its current environmental protection policy, ink manufacturers are pushed to promote the greening process, making the print industry sustainable.

"Green ink and Printing Technology Application Conference 2017" will continue bring the latest information and solutions for print and ink industry. This will also be held together with "China Coatings Summit & Mini Expo 2017", which covers auto\ anticorrosion \Intelligent\construction & building\wood industries. The summit is set to bring more information and customers.

Ringier concentrates on building the most professional platform in ink and printing industry to promote the rapid development of the ink industry in China. Looking forward to see you in 2017!

## Highlights

### Rich information:

Two events parallel, unprecedented scale

### Technical Knowledge:

Technical Perspective of Exploring Green Ink and Printing Technology

### Marked Standpoint:

Explore Technical Hot Point, Market Opportunities by Industry Development Trends

## Benefits to you

- To acquire the latest technology and R&D results
- To discuss practical cases from leading companies that you can use
- Gathering industry experts to answer your questions to enhance the competitiveness of your company
- Exhibition area and technical seminar show latest innovative products and solutions
- To develop business partners through face to face communication

## Who will Attend

### Ink Manufacturers:

Water-based inks,  
UV-curable inks,  
Waterborne UV-curable,  
Printing inks,  
Soy ink,  
Alcohol soluble ink,  
PCB/EB ink, etc.

### Printing Companies:

Color Printing Factory,  
Packing Factory,  
3C products manufacturer,  
PV cell,  
PCB,  
Electronic connectors, etc.

### Experts and Leaders:

From Associations,  
Testing, Organizations,  
Universities,  
Institutes and Government Officials

### Raw Materials and Technology

- Application of Nanotechnology In Ink Manufacture industry **NEW!**
- Research and Outlook of Environmental Resin for Printing Ink Industry **HOT!**
- Application of Graphene In Conductive Ink **NEW!**
- Material Research and Trend Analysis of UV ink
- Development of New Low Migration Resin
- New Environmental Protection Epoxy Resin Synthesis Technology

### The New Environmental Ink Manufacture

- Development and Direction of Water-based Gravure Ink **HOT!**
- Standards and Policy Interpretation Of Ink industry
- Food Safety and Ink Manufacture **HOT!**
- Environmental protection technology and development of offset printing ink **HOT!**
- New Application of UV Ink Manufacture
- The Latest Progress In temperature Anti-counterfeit Ink Industry
- Equipment and Technology Innovation in Ink Production

### Printing and Digital

- Development of Packaging and Printing Industry With VOCs **HOT!**
- Digital Development of Traditional Equipment
- Internet and Printing Industry **HOT!**
- Development Prospects of UV Digital Ink jet printing technology
- Applications of Environmental Soy ink in Packaging and Printing Industry **HOT!**

## Invited Company List

BASF  
Bauhinia Ink (Zhongshan) Co. Ltd.  
Bauhinia Variegata Ink & Chemicals (Zhejiang) Limited  
Bayer MaterialScience  
Beijing BODA Green High-tech Co., Ltd.  
Beijing KangLipu Technology Co., LTD  
BTL Corp  
Chengdu TuoZhan Ink Company  
China Banknote Ink Co., Ltd.  
CROWN INK  
DIC  
Dongchang Industry  
Donghua Ink  
Elementis Specialties  
Flint Ink  
Fortop Packing Limited Company  
Guangdong Ink Factory Co., LTD  
Guangdong Shunde Jinlong Ink Co., LTD  
Guangdong Tianlong Group Ink Co., LTD  
Guangzhou Deco Chemical Technology Co.,Ltd.  
Guangzhou Jacques Chemical Co., LTD  
Hangzhou Toka Ink Chemical Co., Ltd  
Heshan Acto Printing Co., LTD  
Huangshan Sne Ink Technology Co., LTD  
Ink Color (SUZHOU)  
Jiangsu Zhongrun Ink Co.,Ltd  
Kunshan New Light Ink Co., LTD  
Kunshan Wantong Printing Ink Co., LTD  
Kunshan World Ink Paint Co., LTD  
Nantong Kingbaifu Ink Co.,Ltd.  
Qian'an City Swinnen Cod Matal Packing Limited Company  
Sakata Inks Group  
Shanghai AB Food & Beverages Ltd.

Shanghai Chicai Ink Co., LTD  
TAIYO INK (Suzhou) Co.,Ltd.  
The Color Huang (Shanghai) Precision Chemical  
Tianjin Angel Chemicals Group Co., Ltd.  
Tianjin Jin Xuan Technology Development Co., Ltd.  
Tianjin Toyo Ink Co., LTD  
Toyo Ink Co., LTD  
Xinxiang Wende Xiangchuan Printing Ink Co.,Ltd  
Yingke Printing Ink  
Yingke(Hebei)Printing Ink MFG.,LTD.  
Yip's Ink (Shanghai) Co., LTD  
Zhejiang New Oriental Ink Group Co., LTD  
Zhejiang Yongzai Chemical Co., LTD  
Zhuhai Letong Chemical Co., LTD  
Shanghai Digital Printing Industry Association  
SHANGHAI JOHNSON LTD  
Shanghai Peony Printing Ink Co., Ltd  
Shanghai Renhe Scientific Instrument Co.,Ltd.  
Shanghai Shenyue Ink Co.,Ltd  
Shanghai Silian Industry Company Limited  
Shanghai Tobacco Package Printing Co., LTD  
Shanghai World Dragon Group Co., LTD  
Shanghai Xuru Ink Co.Ltd.  
Shanghai Yayin Ink Co.,Ltd.  
Shanghai Zijiang Enterprise Group Co.,Ltd.  
Shanghai ZiquanPacking Co., LTD  
Shanghai Zuhua Packing Co.,Ltd.  
Shenzhen Bright Ink & Coating Co., Ltd.  
Shenzhen YingBo Ink Industrial Co., LTD  
Siegwerk (Shanghai) Inks Co., LTD  
SILCONA GmbH & Co.KG  
Suzhou Coase Wood Inks Co., LTD  
Suzhou Zhongya Printing Ink Co.,Ltd.

## The Longemont Shanghai

**NO.1116 West Yan An Road, Shanghai, China**

Opened in 2005, the Longemont Shanghai is formerly known as the Regent Shanghai. The Longemont Hotel is located on the conjunction of Yan An West Road and Fan Yu Road that offers convenient access to Shanghai's prime business and entertainment areas such as Huaihai Road, the Bund, and Xu Jia Hui District and etc. It takes only a short time to walk to the subway and get to many places for sightseeing and shopping.

The high-rise 53-storey contemporary building features 511 deluxe and premium rooms measuring from 42 to 45 sqm, 6 executive suites with massive 115 sqm and 86 suites in five categories for both upscale and top-end clientele. With sophisticated interior design and the state-of-the-art furniture reflecting distinctive European elegance and harmony, all rooms and suites feature large screen plasma TV and great view overseeing the city from the spacious bathroom. Services and facilities include five restaurants and bars serving Chinese, Italian and Western favourites.
