Background

The average annual compound growth rate of China's auto parts industry will reach the rate of 20% in 2013-2018, and the total output in 2018 will increase to 7.9484 trillion RMB. China will continue to be a key driver of the global auto parts industry, despite a slight slowdown in expected growth.

2017 is the key year of the traditional auto industry transformation, the deep integration of the Internet, semiconductor, software algorithm, and other enterprises has led to new changes and trends in auto and auto parts technology. Automation, intelligence, lean and greening will be the trend of future auto engine and key components manufacturing enterprises. Enterprises must seize the trend quickly to keep the industry leading. With the variety of products and technologies, it is easier for manufactures to grasp how these changes affect the company's business through expert advice and understanding of trends and regulations.

Engine Components New Technology Manufacturing Summit 2017 will be held in Suzhou in Nov.23-24, we will provide the most authoritative platform for you with industry leading automotive engines, industry experts in the field of diesel engine and auto parts, manufacturing equipment suppliers to explore demand trends and learn industry innovation technology and processing technology. Looking forward to joining you!

Why you should attend

Industry Authority

In the industry for the engine and other automotive parts of the most authoritative seminar, a comprehensive understanding of the leading edge of green manufacturing and processing

Diverse Forms of Communication

The expert speech, breaks free discussion, business dinner and factory communications combined meeting diversified

Experts Gather

Gather 120 precision industry experts and guests, sharing cutting-edge manufacturing technology, comprehensive FAQ

Factory Visit

Open to visit the leading enterprise in the industry, zero distance to understand the advanced coating technology and development trends

Expo and technical seminar

Show the latest technology and products. An easy and fast way to acquire updates on innovative technology and scientific development

Buyer-Supplier match making service

Offer match making service to meet the purchasing purpose of companies

Part of Confirmed Speakers

Mr. Anli Wei

Deputy Secretary ,China Internal Combustion Engine Industry Association

Mr. Wang Hao

Deputy Director,Chinese Automotive Technology Research Centre

Mr. Zhili Deng

Shanghai Motor Vehicle Ship Pollution Control Association, Vice President and Deputy Secretary

Hot Topics

- Key parts of engine lightweight manufacturing
- Energy saving and emission reduction, post-processing techniques of engine
- Improvement of the intake air hose of engine turbocharger
- Reinforced bonnet forming technology by lightweight carbon fiber
- The development of high performance resin matrix for carbon fiber composite of engine housing
- The application of modified engineering plastics on the attachment of engine
- Engineering plastics inaugurate a new era of automobile plasticization
- Development of 3D printing technology in automotive engines
- Application and analysis of engine plastic oil sump
- Application status and development trend of engine plastic intake manifold
- The manufacturing process and application trend of engine plastic intake manifold
- Innovative solutions for engine intake manifold
- Minimal quantity lubrication to be used in processing of engine parts

Who Should Attend

By Industries

Auto engine manufacturer
Auto engine parts manufacturer
Auto parts manufacturer
Automobile power assembly manufacturer
Automobile manufacturers
Automobile parts vehicle design mechanism
Universities / Research Institute

By Job Title

President / Vice President
General Manager / Deputy General Manager
Director / deputy director
Product Manager / Project Manager
Marketing Manager / Business Development Manager
R & D Engineer
Process / Manufacturing Engineer
Purchasing Manager / Specialist
Research Institute researcher / Specialist

Factory Tour- Chery Jaguar Land Rover Factory Changshu

Chery Jaguar Land Rover Factory Changshu is the first vehicle manufacturing plant except for the Headquarters in England, and also is one of the world's most advanced and efficient vehicle manufacturing plant. The new engine factory is leading Chery Jaguar Land Rover to a new era because of its Brandtology. It's also contributing to the "Made in China 2025" and the development of the automotive industry. The opening of the new engine factory means the continuing development of Chery Jaguar Land Rover's global strategy, and also is a new milestone for chery jaguar land rover's deep-ploughing Chinese market.

In the second day of "Engine Components New Technology Manufacturing Summit 2017"—24th Nov afternoon, We will take you to the Chery Jaguar Land Rover 's engine factory, which will show you how does a world-class car manufacturer rigorously produce the heart of a car – engine, and on the road to the top of China's high-end auto market!

Invited companies include

China internal combustion engine industry association
Ningbo Institute of materials technology and engineering, Chinese Academy of Sciences
Shanghai Volkswagen powertrain Co., Ltd.
Nanjing Automobile Group
The first Chinese auto Limited by Share Ltd Wuxi oil pump Research Institute
Delphi R & D center in Suzhou

Enjoy Early Bird Savings & Exclusive Packages

Early Bird Discount

20% Off Before Sep 23, 2017 - USD500 /person

10% Off Before Oct 23, 2017 - USD560 /person

Standard Registration - USD620 /person

Exclusive Package

Double Package - Free Hotel Room for 2 Nights

* A complimentary twin room for 2 nights in official appointed satellite business hotel located close to the venue for 2 persons from the same company.

Quad Package - Buy 3, Get 1 Free & Free Hotel Rooms

* For every four or more delegates from the same company, the fourth person will enjoy a free registration.

* Two complimentary twin room for 2 nights in official appointed satellite business hotel located close to the venue for 4 persons from the same company.

Venue Hotel - Your Business & Leisure Experience

The first five-star hotel in eastern bank of SIP. (To be confirmed)

Close to SIP Administration Centre and Suzhou International Expo Center

76 kilometers from Shanghai Hong Qiao International Airport

10 minutes drive to Shanghai-Nanjing Express highway.
