# WHAT ARE THE INDUSTRY 4.0 AWARDS? AWARDS WINNER 2013 - 2016

The INDUSTRY 4.0 AWARDS have been carried out in Germany since 2013 to honor industry 4.0 solutions in the manufacturing industry.

The target group of the award are producing companies who have realized an industry 4.0 like use case in their production system, either as a whole or within a defined pilot section.

To honor industrial progress in China, in 2017 ROI & ringierevents bring the Awards to China.

## WHO CAN APPLY?

If you have implemented Industry 4.0 like use cases in your production system, for example in the area of human-machine interaction, robotics & automation, apps & assistance systems, big data analytics (e.g. preventive maintenance), real-time condition monitoring, smart tools, material tracking & tracing, 3D printing, real-time utility consumption, ... and your team has done a great job which deserves praise and recognition, then apply.

## WHAT ARE THE AWARD CRITERIA?

The evaluation criteria are level of innovation, economic efficiency, benefits for customers, employees and company, and evident practicality.

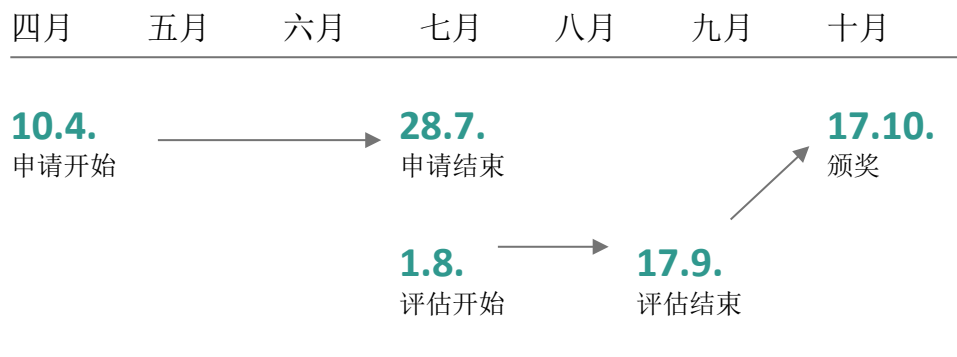

## WHY AN AWARD?

**Engineers and Operators are humble.** Every day they create progress for society, but rarely talk about it. And they are even more rarely being talked about. The awards here aim to improve this. To give **praise and recognition to common people** who work hard every day to advance industrial progress and create **higher living standards** for all of us.

## 什么是工业4.0奖?

工业4.0奖在2013年起源于德国，以表彰制造业中卓越的工业4.0方案。

授予那些在制造领域对其生产系统整体或部分实施了工业4.0的企业。

为表彰中国工业的进步，2017年ROI & 荣格集团将此奖项引入中国。

## 谁可以申请?

如果您的产品线实施了工业4.0案例，例如在人-机交互、机器人 & 自动化、APP应用 & 辅助系统、大数据分析（如：预防性维护），实时监控，智能工具，物料追溯，3D 打印，系统状态的实时监控，...您的团队完成了出色的工作，该为此获得认可和殊荣，请申请。

## 使用什么评奖标准?

评奖标准基于创新水平、经济效率、有关客户，员工及企业的利益、适用性。

## WHY AN AWARD?

工程师和现场作业者是谦逊的。他们每天都为社会的进步作出贡献，但却很少对其夸夸其谈，他们的贡献也很少被别人提及。此奖项的目的是表彰这些每一天努力工作推进工业进步，为社会变的更好而努力付出的普通人。
